	ID: 011 Qty: 3 Ref: 2704
	ID: 012 Qty: 3 Ref: 2702

- NOTES:
- All signs, markings and safety zones will be in accordance with Traffic Signs Regulations and General Directions 2016, and Chapter 8 of the Traffic Signs Manual.
  - Sign locations are indicative only and exact locations will be determined on site.
  - Works Access and Egress locations to be agreed on site and any changes to the design should be reported.

	The overhead hazard may not be visible, particularly at night. Mark the extent of the hazard with blue cones and a white sleeve.
	Signs face on coming traffic, workers cannot see them and will be unaware of the works access locations. Place green cones with white sleeves on either side of the works access, inside the works, not as part of the cone line.
	The overhead hazard may not be visible, particularly at night. Mark the extent of the hazard with blue cones and a yellow sleeve, carrying an electrical hazard sign and message.
	Vehicles stopping in any part of the deceleration zone just inside the works access or on a haul route increase the risk of work vehicle collisions. Place yellow cone with white sleeves inside the works throughout the no stopping zone as a reminder.

- New temporary 30mph system installed, all conflicting 40mph signs to be masked / removed.
- Repeaters not required as per TSM Chapter 8 U2.10.14

Key:

	Safety Zone		Works Area
	Road Closed		Sign
	Diversions		Cone Line
	Pedestrian Route		Cone or Road Marking Detail
